

Did you know... About your Animache Pets?

A bright eyed, bushy tailed creature indeed...

Cats have the largest eyes of any mammal and uses its tail to maintain balance! And no one other than Sir Isaac Newton is accredited with inventing the cat flap – felines have been friends of people since the Ancient Egyptians first used them to protect corn supplies.

Would you think of putting your dog in a tutu?

No? But **dogs** do walk on their toes! And dogs are not color blind, although research suggests they can only see purples and yellows. To ensure your dog stays healthy, avoid feeding it cocoa, onions, grapes, raisins and macadamia nuts as dogs shouldn't eat these.

ADOPTION CERTIFICATE

Do not forget to register your animal with the petit artisan Club so that it can be part of the Animache family.

To register your animal, you just need to complete the information card at the back and send it to us, or register on the petit artisan website on www.petitartisan.com

If you send us a drawing or a picture of your Animache toys you may also win some new animals to play with!

Animache Adoption certificate:

I have decorated my Animache animals and I have named them and Remember, your Animache enjoys going on adventures!
